

FinDreams Battery

Safety Production Six Prohibitions

1. The unauthorized assignment of personnel without mandatory pre-job team safety training is categorically prohibited.
2. It is strictly forbidden for personnel who do not have the corresponding qualifications or to arrange personnel who do not have the corresponding qualifications to engage in special operations or operate special equipment.
3. Adherence to FinDreams Battery's stringent safety protocols is non-negotiable:
 - Never expose any body part to hazards posed by moving equipment or impending falls.
 - Never privately shield equipment safety protection and interlocking devices.
 - Device activation must await verification that all personnel have retreated to a secure area.
 - Never place hands in dangerous areas of the equipment that could cause crushing injuries.
4. Non-compliance with the standard tagging and lockout procedures for equipment maintenance, repairs, or anomalies is strictly forbidden.
5. Any high-risk operation, such as hoisting, climbing, welding, or entering confined spaces, must adhere to rigorous approval processes and pertinent documentation requirements beforehand.
6. It is strictly forbidden for anyone to delay, falsify, conceal, or fail to report accidents after they occur.
